**WE THE CLASS
OF
'77
PRESENT THE
NEZINSCOT
WAVE**

77

We the class of '77' wish to dedicate this edition of the Nezinscot Wave to Messrs. Drapeau and McGray. Without them Buckfield High would not have been such a rewarding experience. They never let us settle for second best.

DEDICATION

ALAN COLLEY — PRINCIPAL

DR. DRINKWATER — SUPERINTENDENT

To the Class of 1977

You are all going forth to take your place in a uncertain world. None of us know what any tomorrow will bring. It may well be that this time in history seems less predictable than others. Man has never found his material future too well planned or too secure. You will have the adventures of trial and error, failure and success to experience.

You have lived and worked together in a good high school, and it is reasonable to believe that the friends you have made and the quality of your training has been such that you will always be a credit to this community and your school.

I trust each one of you will make the contribution which is within your means to your community and to your country.

I have great faith in you.

Alan Colley

To the Members of the Class of 1977

This year marks the end of your education in the S.A.D. No. 39 schools. It also marks the end of one of the most significant periods of your life, a time of growth and a time of freedom.

Now, you are entering a different phase of your life, hopefully a time of continued growth and a time when each of you assumes a responsible role in your community, your state and your country. The choice you make as you enter this next phase of your life is extremely important. Do not be short-sighted or hasty. In making your decision for future education or work, look ahead and make your choice a wise one.

Congratulations on your graduation and best of luck in the future.

SENIOR CLASS HISTORY

June 1977 always seemed to be far into the future. Suddenly that date is approaching with increased speed and we look back on the last four years with mixed feelings.

Our Freshman year started out poorly. We were not allowed to have a real initiation. Because of misunderstandings two of our dances were cancelled. We made some money selling candy and we managed to pull off two dances successfully. We had unassigned time for part of the year, but it was misused by a few and the whole school lost it forever.

Our Sophomore year seemed promising at the start. A brand new administration and an active student council meant that dreams could finally come true. Some of them did. We got a smoking area and an activity period built into our schedules twice a week. With several successful dances we doubled our treasury.

Our Junior year was a waste. We lost money and lost our minds along with it. One good point about our third year of high school was the addition of a full time Guidance Counselor to help students in job and college placement.

Somewhere between 1974 and 1976 our class shrank from nearly fifty to thirty-two. Four of our classmates graduated a year early and many others moved away.

Our Senior year is nerve racking, yet fun. We have seen many improvements in this school over the past year, and we hope it will continue to improve. We are breaking in our third principal since Jr. High. He is also our class advisor which makes things interesting. So far this year we have had several successful fund raising events and we are counting the days to graduation.

Truly we are a unique group.

President: Walter Scott; Vice President: Vickie Cammon; Treasurer: Kathy Saarinen; Secretary: Debbie Williams.
